

ESPORTS STUDENTS

We hope you've enjoyed your summer and welcome to Burnley College.

Please find below some information which will help you to prepare for the start of your course.

These are all items that you should bring along with you to College every day:

- College ID badge (to be worn at all times in college)
- Headphones wired or bluetooth with usb dongle. Ideally with a 2m cable and splitter for 3.5mm male microphone / Headphone. This will be vital for listening to video and audio in our Esports labs.

As part of your studies, you will use software packages such as Adobe Creative Suite (Photoshop, Lightroom, Premiere Pro), streamlabs and resources will be shared with you through Google Classroom. Having a laptop or device at home that can run these software packages is advisable but not essential.

As part of your programme of study you will be required to take part in both enrichment and work-related activities. You will need to join a team of fellow students to create content for YouTube, TikTok and other social media platforms. Shoutcast and live stream on the weekly national championship matches, or take part in playing, coaching or supporting in the background.

Most theoretical work will be submitted electronically, you will be creating digital portfolios to evidence your work, but you are advised to bring stationery to take notes in class such as:

- Notepads
- Pens / pencils / highlighters

If you have any concerns with the requirements, please see a member of the media team as soon as possible.

We have various trips planned during the year, please see the separate trips document.

If you require any further information, please contact our Divisional Administration Team on 01282 733145 / 01282 733088 or at cam@burnley.ac.uk.
