

Unit 201: Health, safety and welfare in construction

Activity 9: Drugs and Alcohol (learner)

Alcohol-related problems can be detrimental to the individual and the smooth running of the site and can also result in waste and inefficiency.

In groups explain the definitions of the following:

Problems	Definition
<i>Alcoholic</i>	
<i>Alcoholism</i>	
<i>Drug (or drugs)</i>	
<i>Drug abuse</i>	
<i>Substance abuse</i>	
<i>Under the influence</i>	

In your groups discuss the findings and check your definition with the tutor.
